Dear Eric, thank you for your email. I enjoyed looking at Off the Record on your web site. I remember you spoke about the coin locker (?) exhibition project when you were in Rotterdam. If you are proposing a similar project in 2007 then I would be happy to participate. I am thinking of presenting a small, medium and large T-shirt. Assuming that the artwork may walk away with the visitor, at least 3 people of different sizes will be able to enjoy the work. I only have a few tshirts left but you are welcome to 3 (or 6?).

The t shirts were printed in Thailand and carry an emblem designed by myself. The design is for a universal flag (sekai no hata). You can see an image of the tshirt at

I will be in Tokyo in late January. Perhaps we could meet for a beer?

with best wishes, Aeneas
