okay.

i send you something funny and fairy tale-y and pink and white:

just print "A FAIRY TALE" on a piece of A4 gold/silver glittered card paper. both white and pink texts can either be printed on one side or back-to-back.

no need to put in an envelope. just place inside the locker in a very straightforward manner.

okay. that should do. something simple and sharp. a paper cut:)

let me know. night man.
